Both options will have metabolic circuit training, intervals and supersetting with light to moderate dumbbell resistance to deliver results in the most efficient, accelerated and fun way possible...all in 45 minutes!

SBC (Strength-Balance-Core)

This class is designed to use basic movements and improve overall balance, increase muscular strength, and implement core stability. This class is appropriate for all fitness levels, but designed for beginning through intermediate participants. It is a great addition to existing fitness programs or as a transitional class from water to land-based exercise. SBC will enhance your overall fitness and health.

Zumba!

Water Aerobics Classes

Aqua CARDIO 45

A 45 minute cardio based workout in the water. Move to music using your body resistance in the water. The lap lanes are open starting at 9am so come in and stretch, connect with your friends and ready to move and groove with your instructor by 9:15am.

Aqua Bootcamp

Aqua bootcamp is a medium-high intensity workout in water. Using all the regular buoyancy equipment like dumb bells and noodles, as well as water resistance... Total body workout!

Aqua Motion

This class incorporates walking/rebounding in various directions, using various strides and specific upper body movements to get a balanced workout. This class is slower paced than water aerobics which makes it great for those with arthritis, fibromyalgia or joint replacements. It is also ideal for post-surgery rehab, pre/post-natal workouts and cross training

Aqua Dance

A combination of water resistance, buoyancy and dance moves. Move to fun music and get a good workout while dancing in the water. This class is designed to increase your flexibility and feel good moving in the pool.

Mind/Body Classes

Yoga Sculpt

In this class, the body is given a long warm up that involves gentle stretching for opening and nurturing the joints. Whether a seasoned practitioner or a beginner, you will have the opportunity to gain flexibility, take some time for yourself to help with stress, management and gain strength using body resistance and free weights. It is your mind, your body and your fitness journey.

Vinyasa Yoga

A dynamic flowing class taught in the style of Baron Baptiste, a combination of strength, sweat and personal empowerment. The practice is accessible to everybody, yet is also a challenging and flowing form of yoga that will lead you to a state of transformation. VinyasaYoga heals as it detoxifies. It will sculpt and tone the muscles of your body and clarify your mind.

Yin Yoga/Yin Yoga and Meditation

Most forms of yoga today are dynamic, active practices designed to work the muscular "yang" tissues. Yin yoga is a complimentary discipline to a yang practice, working the deeper "yin" tissues of our ligaments, joints and deep fascial networks and ultimately, increasing our range of motion.

Fire Flow Yoga/Yoga Flow/Heated Yoga Flow

This practice is slow and steady, but it can be just as vigorous as Vinyasa. You'll move through a sequence of strong postures designed to build heat with core engagement, longer holds, and breathe work. The slower pace helps to cultivate steadiness of mind, enhanced alignment, and nervous system regulation. Studio will be moderately heated 80-85 degrees to help with muscular flexibility, sweat and detoxification. Yoga Flow classes will not be heated.

Barre Bootcamp

Barre Bootcamp will strengthen your arms, sculpt your legs, butt and core, scorch calories, and leave you feeling lean and elongated. You will experience a well-rounded workout that incorporates basic conditioning movements and isometric holds to build strength, as well as small range of motion moves to get deep into your musculature, resulting in a sleek, sculpted look. We use some dynamic, low impact movement to increase your cardio work.

Pilates Barre/Mat Pilates

Barre combines ballet, Pilates and Yoga to give you an amazing workout that will sculpt your legs, butt and core, scorch calories, and leave you feeling lean and elongated. You don't need to be a dancer to participate. We take inspiration from dance and ballet, meshing these with fitness moves gleaned from Pilates as well as the grace and wisdom of Yoga. Mat Pilates does not use a Barre, all on your yoga mat.

Power Yoga & Yin

Power Yoga converts the practice of the poses in traditional yoga to a more active and athletic way. Move quickly through poses holding each pose for a shorter duration, while coordinating your breath. Yin yoga is a slow-paced style of yoga, incorporating asanas that are held for longer periods of time than in other yoga styles. This class will be a blend of both styles, good for all levels and every body.

Pilates and Yoga Blend

A blend of Yoga and Pilates, using body resistance, balance poses focusing on your flexibility and strength with a sprinkle of Yin Yoga. This class is designed to meet the needs of all fitness levels with a lot of options, so everyone can get what you want out of this class!
