Swim Lesson Requirements

The following skills are requirements to advance to the next level.

At Columbia Athletic Clubs we work to distinguish ourselves by providing a quality learning environment with an emphasis on instruction, safety and small classes. We believe the fundamentals components to success in swimming stem from focusing on safety fun positivity and providing you swimmers with a technical skill set that they can depend on for years to come. We combine these core beliefs with a customer service driven approach to registration and coordination. We do all this because we genuinely care about your child's experience in the water.

How do I know what Level to enroll? Your child should be able to successfully demonstrate all the skills in the Level before moving to the next Level. So, choose a Level that your child can do some, but not all of the skills outlined.

Level 1

This level is about being comfortable in the water, safety and preparing to learn swimming skills.

Level 3

This level will focus on freestyle and back strokes and introduce

elementary backstroke and breaststroke kick.
