

Massage Services

Massage is the best known antidote for stress-related tension and reduces your risk of injury and illness. One hour massages are most common. Undress to your comfort level, your therapist will keep you covered under a sheet, undraping only the area being massaged.

Swedish Massage

A combination of seven categories of strokes designed to increase circulation and ease muscle tension.

Deep Tissue Massage

Techniques that are specifically directed toward the deeper tissue structures of the muscle and connective tissue.

Sports Massage

A massage designed to aid the healing process after a workout or competition to prevent injury to the muscles.

Injury Treatment

Several techniques designed to decrease inflammation and pain of recent or chronic injury.
