

## Trainer Certifications

Our Fitness Team is held to the highest standards to provide our members and clients the best experience possible. All of our Personal Trainers hold an exercise-related degree and/or a nationally accredited certification. We support the following major certifications:

- American College of Sports Medicine (ACSM)
- National Academy of Sports Medicine (NASM)
- National Strength and Conditioning Association (NSCA)
- American Council on Exercise (ACE)

Our Trainers have experience working with clients of all ages and abilities, and specialize in areas such as:

- Functional Movement and Training
- Injury Prevention and Rehabilitation
- Weight Loss and Weight Management
- Endurance and Sport-Specific Performance

# How To Choose A Personal Trainer

Certification and education is the first thing to look for. A personal trainer should be certified. This gives you the assurance you are working with a trainer who has the knowledge to provide you with a safe and effective workout.

Look for a trainer who is able to assist you with your special needs. A personal trainer should always have you fill out a health history questionnaire to determine your needs or limitations. If you have a past medical condition/injury a personal trainer should design a session that takes this into account.

To get started on the most effective path to reach your fitness goals contact the fitness desk to set up an appointment with your favorite fitness specialist today!

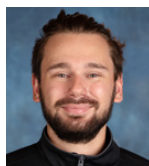

## We promise:

- To employ only highly qualified Personal Trainers to serve your entire family's health and fitness needs.
- To provide motivation, knowledge, safety, and accountability to all members.
- To take pride in offering the most up-to-date training protocols and Goal Setting services.
- To be available and accommodate your busy schedule, seven days a week.
- To design a path to better health and fitness that is right for YOU!

The new, healthier you awaits!
